

Curriculum Vitae

Genya Ishigaki

Soka University
Graduate School of Engineering
Computer Science Major

Address: F506, 1-236, Tangi-cho, Hachioji-Shi,
Tokyo, Japan 192-8577
Phone : (+81) 42-691-2211
Email: e14m5203@soka-u.jp

Education

- | | |
|------------------------------|--|
| April, 2014 - present | Graduate School of Soka University
GPA 4.0 / 4.0
networking and graph theory laboratory |
| March, 2014 | Bachelor of Engineering from Soka University (Computer Science major)
GPA 3.96 / 4.0
networking and graph theory laboratory |
| Summer, 2013 | Visiting student researcher at University of California, Irvine
in the guidance of Prof. Lubomir Bic |

Experiences

Teaching Assistant at Soka University

(Networking lab, Introduction to Programming I / II, Linear Programming, Graph theory seminar)

Honors and Awards

Award for Excellence (student) of Technical Committee on Circuits and Systems, IEICE ES Society (2014)
The Top Student of Dept. of Information Systems Science (class of 2014)
Half Tuition Merit Scholarship of Soka University (2010 - 2014)
Honor Student of Soka University in every semester with \$10,500 (2010, 2011, 2012, 2013)
Global Citizenship Program (Honors Program) Member of Soka University (2010 - 2014)
Field research and intensive research course scholarship from Soka University (2010 - 2012)
Da-Vinci Award (2013), *Schliemann Award* (2012) from Soka University for proficiency at English

Publications

1. **Genya Ishigaki**, Masao Yoshida, Norihiko Shinomiya, "On maximizing tree reliability based on minimum diameter spanning tree," Circuits and Systems (APCCAS 2014), 2014 IEEE Asia Pacific Conference on, Nov. 2014. (refereed)
2. **Genya Ishigaki**, Norihiko Shinomiya, "Distributed Network Flow Optimization Algorithm with Tie-set Control based on Coloring for SDN," 2015 International Conference on Computing, Networking and Communications (ICNC), Workshop on Computing, Networking and Communications (CNC), Feb. 2015. (refereed)

3. **Genya Ishigaki**, Norihiko Shinomiya, "On composing a robust tree against single link failure in a network with reliability of links," IEICE Tech. Rep., vol. 114, no. 312, pp. 127-130, Nov. 2014.
4. **Genya Ishigaki**, Nobumasa Sawaki, Norihiko Shinomiya, "An Evaluation Method of Tree Networks including Unreliable Communications Links," Proceedings of the Society Conference of IEICE, Sep. 2013.
5. Masashi Yamada, **Genya Ishigaki**, Norihiko Shinomiya, "Influence of tie-set distribution on flow control balancing edge load factor," IEICE Tech. Rep., vol. 114, no. 312, pp. 131-134, Nov. 2014.
6. Hideki Shindo, **Genya Ishigaki**, Norihiko Shinomiya, "On Selecting Multiple Leader Nodes for Distributed Network Control," IEICE Tech. Rep., vol. 114, no. 425, pp.55-57, Jan. 2015.

Research Interests

Network Design, Graph Theory, Distributed Algorithms, Network Technologies

Professional Memberships

IEEE student member (2014 - present)

Institute of The Electronics, Information and Communication Engineers student member (2013 - present)

Computer Skills

Java, C, Python, JavaScript, MySQL, Lua, TeX

Experiences in simulator development for academic papers with Java and Python.

Languages

TOEFL iBT **94** (September, 2013), TOEIC **960** (December, 2014)

Native speaker of Japanese

Extracurricular Activities

Backpacking in India, Nepal, United Kingdom, Canada and Denmark

Skiing Instructor for elementary school students

Reference

Norihiko Shinomiya

Professor in Faculty of Engineering, Soka University

Japan Chapter Secretary, IEEE Circuits and Systems Society (2012 - 2013)

Email: shinomi@soka.ac.jp

Office Address: F505, 1-236 Tangi-cho, Hachioji-shi, Tokyo, Japan 192-8577
